EM398: Chlorphenamine maleate

**Patient Information**

Your patch test result indicates that you have a contact allergy to chlorphenamine maleate. This contact allergy may cause your skin to react when it is exposed to this substance although it may take several days for the symptoms to appear. Typical symptoms include redness, swelling, itching and fluid-filled blisters.

**Where is chlorphenamine maleate found?**

This substance is found in antihistamines used in the prevention of the symptoms of allergic conditions such as rhinitis and urticaria.

**How can you avoid contact with chlorphenamine maleate?**

Avoid products that list any of the following names in the ingredients:

- 1-(N,N-Dimethylamino)-3-(p-chlorophenyl-3-alpha-pyridyl)propane maleate
- 1-(p-Chlorophenyl)-1-(2-pyridyl)-3-dimethylaminopropan maleate
- 1-(p-Chlorophenyl)-1-(2-pyridyl)-3-dimethylaminopropan maleate [German]
- 1-p-Chlorophenyl-1-(2-pyridyl)-3-dimethylaminopropan maleate
- 2-(p-Chloro-alpha-(2-(dimethylamino)ethyl)benzyl)pyridine maleate
- (1:1)
- Allercolor
- Allergin
- Alunex
- Antagonate
- C-Meton
- CCRIS 1418
- Carboxamide maleate
- Chlor-Trimeton Allergy
- Chlor-Trimeton Injection
- Chlor-Trimeton OD
- Chlor-Trimeton Repetabs, Syrup, and Tablets
- Chlor-trimeton
- Chlor-tripolon
- Chlormene
- Chlorprophenpyridamine maleate
- Chlorpheniramine maleate
- Chlorpheniramine maleate OROS Tablets
- Dehist
- EINECS 204-037-5
- Efldac 24 chlorpheniramine maleate
- Histadur dura-tabs
- Ibioton
- Kloromin
- Lorphen
- M.P. chlorcaps T.D.
- NCI-C55265
- Neorestin
- Phenalin
- Phenepton
- Pirix
- Piriton
- Polaronil
- Polaronil [German]
- Pyridamal 100
- Pyridamal-100
- Synistamin
- Teldrin
What are some products that may contain chlorphenamine maleate?

**Medications:**
- Liquid
- Tablets

*For additional information about products that might contain chlorphenamine maleate, go to the Household Product Database online (http://householdproducts.nlm.nih.gov) at the United States National Library of Medicine. These lists are brief and provide just a few examples. They are not comprehensive. Product formulations also change frequently. Read product labels carefully and talk to your doctor if you have any questions. These are general guidelines. Talk to your doctor for more specific instructions.*
